Kenny Washington

The most talented artist in Jazz and Vocal
Kenny Washington TOKYO TOUR 2018

with **Akira Tana**
from bay area SF.

Kenny Washington (Vo)

Let's listen to his music !

His voice reminisces the songs of Ella Fitzgerald, Sarah Vaughan, or Donny Hathaway filled with soul. The melodious song and the scat filled with freestyle groove is absolutely a gift from the god.

Akira Tana (Ds)

The god of Jazz, Blues and Gospel Vocalist, KENNY WASHINGTON

Kenny Washington, a native of New Orleans developed a deep love for music at a very young age. Kenny grew up singing and performing gospels in church. He learned the basics of saxophone and singing in school, and after graduating from high school, Kenny continued his studies in music at university and studied various styles of music ranging from traditional and contemporary jazz to classical, rhythm and blues and pop.

Joining the honorary U.S. Navy Band in 1986, Kenny performed and toured nationally and internationally throughout the U.S., Asia, Russia, and Australia. After nine years as a musician in the U.S. Navy, Kenny made his home in the San Francisco Bay Area. He began performing and recording in various jazz clubs with other famous artists.

Kenny appeared in Roy Nathanson's off-Broadway production "Fire at Keaton's Bar and Grill," with Elvis Costello and Deborah Harry, in London and New York. Kenny was the featured vocalist at the San Francisco's world famous Mark Hopkins Intercontinental Hotel's "TOP OF THE MARK" for eight years.

Kenny is the featured vocalist on saxman Michael O'Neill's CDs and the Stammin' All Body Band CD. If you have never heard his songs before, get ready for a jaw dropping experience. Kenny is a jazz vocalist virtuoso.

Emulating the classic styles of Ella Fitzgerald and Sarah Vaughan and infusing colors of Stevie Wonder and Donny Hathaway, Kenny's free, playful approach, with over a four-octave range is awe inspiring. His tone on ballads is liquid, his scat is so rapid-fire, passionate, melodious and inventive that subsequent saxophone solos often pale, and his intonation is also wonderful.

His range seems limitless. With a childhood background singing in gospel, Kenny is at home with the Blues as well as Jazz. This man is a must-see.
